Why Other Diets and Detoxes Are Dangerous

Before I tell you why DetoxComplete is so powerful, first let me explain why other so called '**detox diets**' are **ineffective** in the long term and can actually be **HARMFUL for your body**.

1

Experts Agree There's Little Evidence They Work

Yet you will continue to see lanky celebrities attributing their weight loss to super restrictive detox diets like *The Master Cleanse* and *Juice Fasting*.

2

Packed Full Of Horrible Side Effects

Extreme diets can cause vitamin deficiencies, muscle loss and blood sugar problems. Not to mention the embarrassment of regular liquid bowel movements.

3

Unsustainable Long Term

These types of restrictive detoxes encourage the elimination of solid foods, which is not only poor advice but unsustainable, leading to binge eating and negative consequences.

Why is LifeBotanica DetoxComplete Different?

We have Ingredients Clinical Study

As you'll discover with DetoxComplete you can have all the sexy benefits of a celeb endorsed detox without the extreme fasting and nasty side effects.

Our program is a *total body cleansing* solution, not simply a colon cleansing product. The proprietary formula restores your system at a cellular level. You'll wake up feeling like a new person.

Imagine

Taking a classic car with 200,000 miles on the clock, giving it an entirely new engine and drive train, full service and a deep clean. How much better will it be to drive?

That beautifully restored car is just like your body once you detox with LifeBotanica. You will find yourself behind the steering wheel of a high performing machine built for excitement.

Detox Complete is based on **Powerful proprietary blend extracted** from **European Natural and Pure Herbs** that combine to Help play a **vital role** in **Cleansing and Protecting Kidney and LIVER** , **reducing body fat** percentage and **guarding cells** against chemical damage.

It's been specifically designed to be gentle on your body:

- **Doesn't Cause Dehydration**
- **Is Not Harsh on the Intestines**
- **DetoxComplete cleanses your body at a cellular level, making it far more efficient than simple colon cleansing alternatives**

Better yet, you don't even have to start an extreme diet!

Why Is That So Important?

Because many of the chemicals, hormones, and pesticides we ingest daily through food, water, and air are also **deposited in fat cells** in our bodies.

They may cause GI tract ulcerations, nutritional deficiency problems, an impaired immune system, ineffective metabolism, and pH imbalance. **Excessive deposits of fatty acids** in the liver also lead to atrophy of liver cells and inhibit bile flow.

This, in turn, **limits your body's ability to digest fat**. These toxins can be felt in the form of sluggishness, headaches, body aches and pains, and poor digestion.

Remember I asked you earlier if you suffered from any of these symptoms? Well now you know they might also be the cause of your stubborn belly fat as well as your lack of energy.

Don't Take Our Word For It, Hear From Others Who Have Experienced Great Results From Detox Complete...

My Bloating Finally Ceased to Exist...

"For me personally, I feel full of energy. By the end of the 2nd week I experienced this wonderful feeling of lightness. My constant burdensome bloating finally ceased to exist. I was never able to understand how anyone could accomplish a full body detoxification after so many years of toxin exposure and consumption but now I absolutely do! I recommend LifeBotanica DetoxComplete to anyone willing to go on the offensive and finally take their health seriously."

- Sarah Kesner - New York, USA

The Difference is LifeBotanica...

"I just turned 56. I am in a very active transition into menopause. It is the hardest time to lose weight and the most important time in a women's life where health has to take center stage. I've been attempting to lose 40lbs. Every pound is a hard battle. Even though I was exercising 5 days a week and doing everything right nothing was changing. Then a friend suggested I try detoxing my body. I am not a fan of detoxing methods. I also happen to have a background in supplementation and holistic health because of my work so I know the difference between hype and reality. What made me try the LifeBotanica Detox Complete was not only the science behind the product but also how easy and realistic it was to take. I'm happy to report that I broke my 15lb goal this morning. The difference is LifeBotanica."

- Ester Horvitz CMC, CITRMS

I Could Not Believe How Exceptional I Felt...

"I never believed the validity of detox products until I tried out the Life Botanica 2-Step Detoxcomplete program. I enjoy drinking and partying on the weekends, which can leave my body worn out. After 3 weeks on this program I could not believe how exceptional I felt. My body was rejuvenated and full of energy. Even my friends say that I appear to be behaving as if I'm 10 years younger."

- Joseph Stanford - Connecticut, USA
